YUMEMINATO TOWER

Sakaiminato City, Tottori Pref.

YUMEMINATO PARK

Landmark of
Sakai Port

Observation Tower

360 degree Panoramic view, overlooking the Sea of Japan

Rising 43 meters above ground, this tower offers breathtaking 360 degree Panoramic Views of Sea of Japan. Far out on into the horizon, Mt Daisen is viewed as an Elevated mass as if hovering on water, alongside Miho Bay, Nakaumi, and Shimane Peninsula.

Marine Bell of Happiness

Glass Slipper

This unique tensegrity structure is depicted as a glassy metal tower, however, a large amount of locally laminated cedars (from Nichinan Town) was used during construction to create a welcomingly soft and warm atmosphere

Exhibition Zone

Introducing the culture of countries other side of the Sea of Japan.

A zone that introduces the culture and lifestyles of each of the six regions on the opposite shores, and which include Hebei Province, Jilin Province and Dalian in China, Tov province in Mongolia, Gangwon-do in Korean and coastal regions of Russia. Try your hand at playing some of the musical instruments or just enjoying some of the toys unique to these regions.

Experience Wearing Some Ethnic Costumes

You can enjoy wearing the ethnic costume of each of the countries free of charge. This corner provides the excellent experience of being enabled to have a great chance to learn something about Asian cultures.
